

## **TBEA Online Combined Test Stadium Jump Rules**

*After talking with various interested parties, it has been determined that you will be able to practice your jump rounds as many times as you would like and submit your best video to be judged!*

1. Stadium jump round will be judged as follows:
  - a.) Clear round and style points for each jump (1-5)
  - b.) Overall round score (1-10)
2. Videos should be one seamless ride- no crazy editing so you get the perfect distance or transitions.
3. Jump rounds will NOT be timed
4. There is NO jump off
5. USEA/USEF tack rules apply for stadium jump rounds
6. Please video from the designated spot on the course map
7. Sound should be turned on for recording
8. Record in Landscape mode, rather than Portrait
9. Make sure to raise your hand when you want video to begin and leave arena at a walk filming to the end of exit.
10. Helmets must be worn.
11. Body/protection vests are okay but not required
12. Please set your course to fit your arena. (Courses were made with an 80ft x 160ft arena in mind)
13. All fences are verticals unless otherwise denoted on course map. Make sure to put a ground line for verticals.
14. Make sure to set the heights as designated on the course maps.
15. Please number your course (paper plates and tape are great for this and easy to do).
16. Please turn your video into a YouTube link and submit the link to the Google Form.
